Store 5 times more e-mails or 10 times as many photos!

Dear David,

If you haven't upgraded already, [click here for ninemsn Extra Storage](#). More storage means less worry about full in-box, e-mails which aren't delivered because they are too big, or losing your sent e-mail files after 30 days. You'll be able to store up to 500 e-mails instead of just 100*, and send 3MB attachments instead of just 1MB.

Just look at the added benefits of ninemsn Extra Storage:

- **Get 5 times more storage**, that's around 500 e-mails instead of 100*
- **Ability to send 3MB attachments** instead of just 1MB
- **Get 30MB storage in Groups for your pics**, that's around 300 photos**
- **Enhanced virus protection** - scanning *and* cleaning
- **Ability to access all your e-mail accounts** via Hotmail wherever you are
